ABOUT US

Ningbo Eco-Fastening is a professional manufacturer of high-tensile fasteners in Ningbo. We supply a wide range of standard and special fasteners for customers. Our products are used around the world in various industries, steel structure, roofing system, petrochemical, photovoltaic, electric transmission tower, power, automotive, piping, engineering, mining, lumbering etc. Our current markets are U.S.A, South America, Middle East, South Asia, Africa and Europe. We are equipped with a full range of advanced fastener testing machines and also have several experienced engineers and quality controllers, which can ensure that the product quality is effectively controlled in the whole production process. Effective inspection report with corresponding material certificate will be provided for each product. We are capable to supply you high-quality fasteners and satisfactory after-sales service.

Sincerely hope you become our trading partner. Let's cooperate and create better future. We thank all regular and new customers for your past and future supports.

QUALITY CONTROL

We are committed to a high level of quality in the products that we produce and stock for you. We have a qualified technical team that is able to conduct mechanical and physical testing and inspection.

## Construction

**Steel Structure, Pre-Engineering Building accessories, Piping Accessories, Concrete Lifting, Pre-Casting Accessories.**

Hex Bolts & Screws: ASTM A307, A325, A325M, A490, A490M, DIN6914, DIN7990, JIS B1180, DIN931, DIN933 etc.

Hex Nuts: Standard: A563, A563M, A194, DIN6915, DIN934, JIS B1181, DIN7967, DIN439 etc.

Washers: DIN7989, DIN125, DIN126, DIN127, F436, F436M, DIN6916, DIN436, DIN9021, DIN7980, F959/F959M etc.

Foundation Bolting: Anchor bolts, Sag rods, U bolts, J/L bolts, Eyebolts etc.

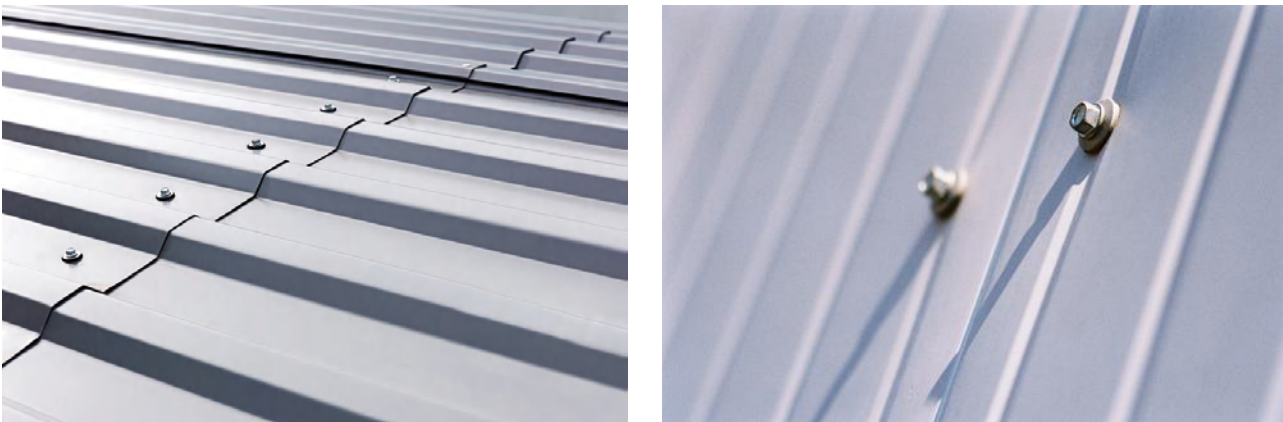

Concrete Lifting and Pre-casting Accessories: Coil Bolts, Coil Nuts, Coil Rods, Lifting Anchors etc.

Special Products As per customer's drawings, OEM products

Roofings:

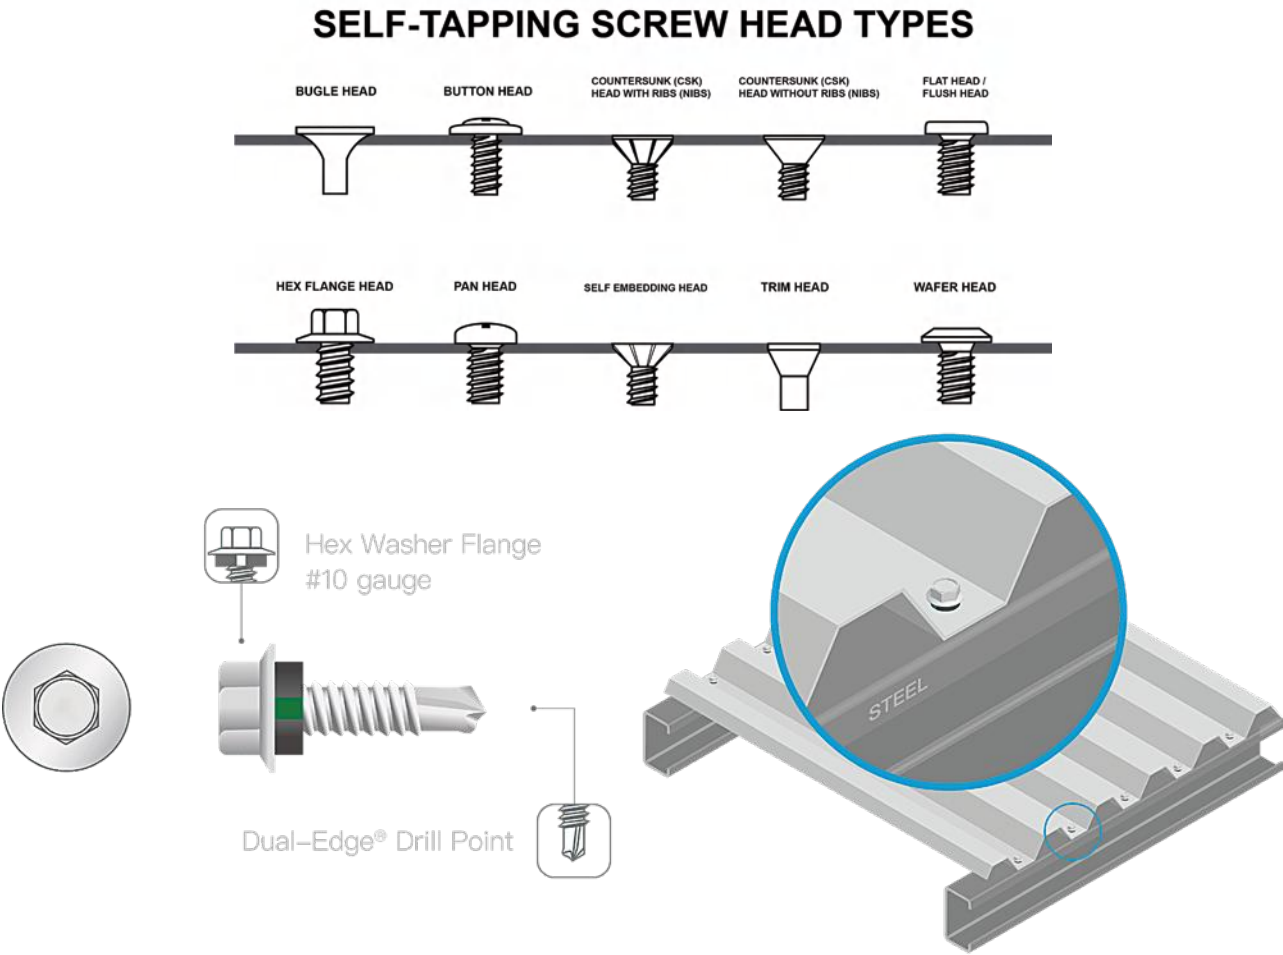

We supply high quality self-drilling screws, rivets, expansion bolts and relevant fasteners for roofing structure.

Australian AS3566 Standard self-drilling and self-tapping screws (1000 hours' corrosion resistance).

Class: C2, C3, C4.

Color: can be paint in 32 colors.

## Timber Bolts for Crane Mats, Timber Trusses & Timber Dock

Timber bolt, also known as mushroom or round head bolts, with 2 or 4 flat or sharp fins under the head to prevent the bolts from turning in the timber, the oversized head of timber bolts eliminates the need for a washer on the bolt head end. Timber bolts are usually made from hot-dipped galvanized steel and stainless steel for special applications, including those that call for added resistance like marine settings, crane mat for lumber.

Diameter: 1/2", 5/8", 3/4", 1", 1-1/4"

Length : 6" to 96"

Material or Grade: A307

Surface finished: Plain, Zinc, Hot dipped galvanized are available.

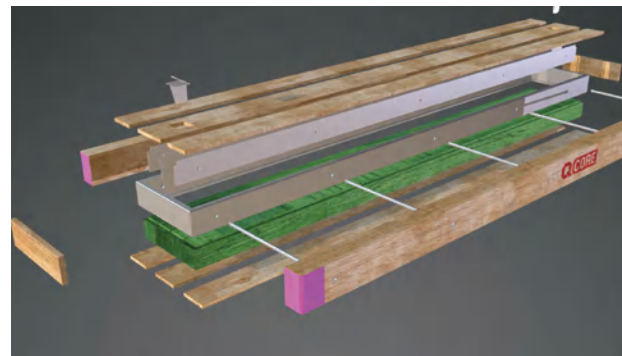

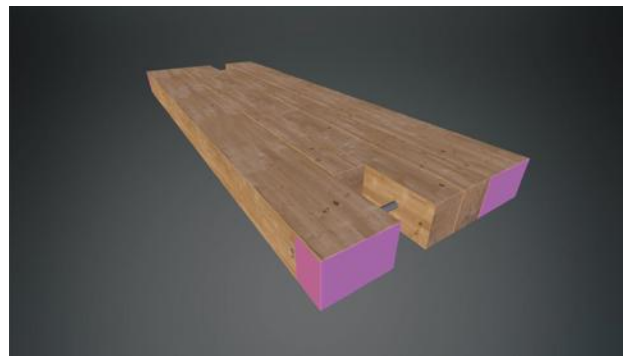

Standard Thread Length

Bolt lengths  $\leq 6"$  : Thread length = (2 X diameter) + 1/4"

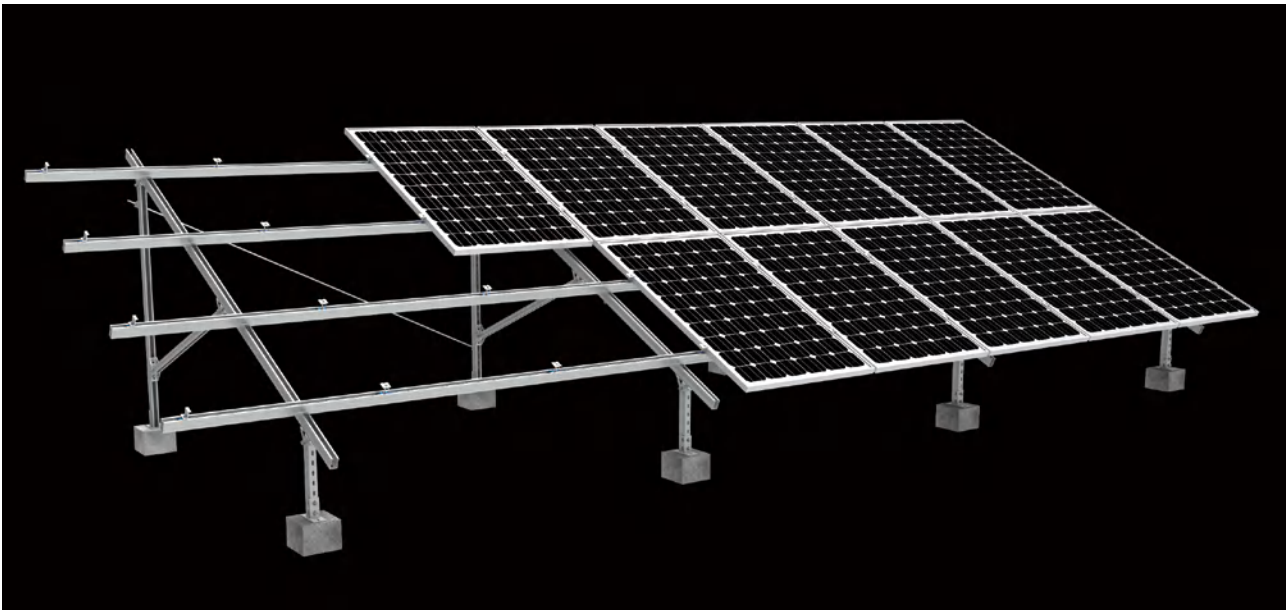

Bolt lengths  $> 6"$  : Thread length = (2 X diameter) + 1/2"

Note: Most timber bolts longer than 12" in length will have either 6" or 8" of thread.
